

PROPOSAL

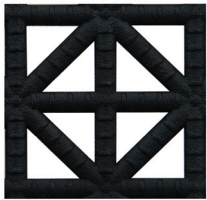

VersaCourt is dedicated to developing the best and most environmentally friendly products for our residential and commercial customers— without sacrificing quality. We distinguish ourselves through our premium, 100% American-made products, superior customer service and over 30 years of family-owned accountability.

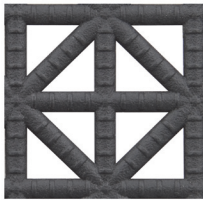

VersaCourt athletic court and flooring systems incorporate the most recent advancements in technology to ensure a comfortable, safe surface ideal for indoor and outdoor courts. The $\frac{3}{4}$ " thick, shock-absorbing, suspended surface reduces playing fatigue, provides better ball rebound and exceptional game performance. We offer a large selection of colors to choose from and can incorporate a custom logo and permanent lines.

SKILLYFULLY ENGINEERED

EXTRA UV PROTECTION

Like sunscreen preventing sunburn, we add 20% more UV protection than recommended. The extra UV additive ensures vibrant and consistent colors long term, making it the foundation of our 15 year warranty.

WE'VE ALREADY MEASURED TWICE.

Extensive research and development has lead us to know that 10.13" is the optimal size for each tile. Our patented design produces a consistently flat tile that guarantees the absolute best ball bounce and overall playability.

ENVIRONMENTALLY STABLE MATERIALS

Our tile is made from POLYPROPYLENE, NOT PVC. Polypropylene is more resistant to fracturing, lighter for handling, and recyclable.

PATENTED LOCKING SYSTEM

Reverse Spring Tension expansion joints and a spring-tabbing mechanism between the tiles allow for slight side-to-side movement and forgiveness on joints and lower back. A gentle vertical flex takes additional pressure off of joints.

Revolutionary Interlocking Mechanism uses six locking points on each tile. The tiles snap together effortlessly making installation a breeze. The six separate locking points keep the tile flat and secure to the floor allowing for a consistent, uniform ball bounce.

LOW MAINTENANCE

Eliminates painting, striping and problems with cracks

LONG LASTING

15 year warranty and 25-30 year life expectancy on our surfaces

DIY ASSEMBLY

Fast, easy installation with no anchors or adhesives

COOLER

VersaCourt is up to 50% cooler than asphalt or concrete surfaces

ADAPTABLE

You can enjoy everything from basketball to tennis to shuffleboard.

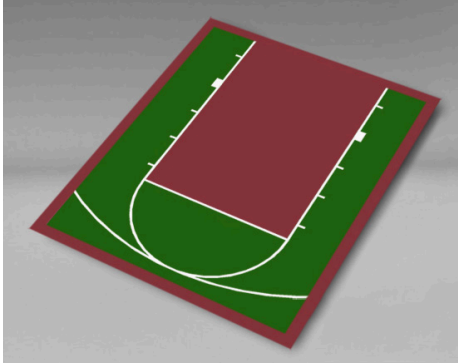

YEAR ROUND

Durable all-weather sport surface with a fast-drain, open-grid design

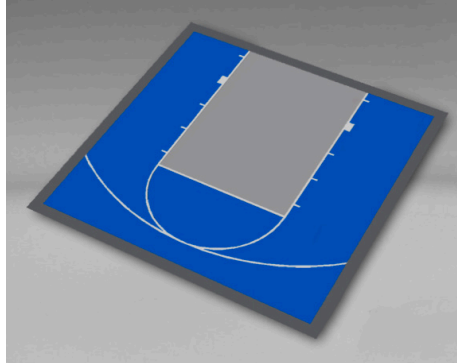

VERSATILE

Suitable for use in and outdoors, in a wide-variety of applications
